## **THE WEDGE is Three Things**

Today is Wedge of Freedom Wednesday and I'd like to refresh your minds about what The Wedge is. It is three things. First, it is our branding of the free-trade zone that most Americans don't know exists, where doctors and patients (with or without insurance) are working freely and affordably using cash, check or charge. The Wedge also helps doctors and patients find each other for affordable care without interference from outsiders. Just go to [JointheWedge.com](http://JointheWedge.com).

Finally, here at Citizens' Council for Health Freedom, the Wedge is our **broader initiative** to transform health care back to simplicity, affordability, confidentiality and patient-centeredness... starting with the practices found at [jointhewedge.com](http://jointhewedge.com). Build The Wedge by letting others know!

Presented daily by Twila Brase, President, Citizens' Council for Health Freedom.
