## Five Days Before Big Brother is Released

In just five days, you can buy ***Big Brother in the Exam Room: The Dangerous Truth about Electronic Health Records***. I've never written a book before, and given the extensive editing process, I may never write another, but those who read it in its final stages have described the book as "very well researched," "scary," and "provocative." One person said what's happening is "outlandish."

An early reader told me she's always been rather dismissive of footnotes, but said the footnotes in this book are a powerful show of force. They are meant to be. You won't have to take my word for what you learn. If you want personal notification of its release, contact us at ***BigBrotherintheExamRoom.com***.

Presented daily by Twila Brase, President, Citizens' Council for Health Freedom.

*The Health Freedom Minute is now heard in 47 states:  
Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH,
