# Health Freedom Minute

July 9, 2018

## Three Days to Release!

In three days, this Wednesday, July 11th, my book will be available to buy. I'd like you to buy it and read it.

I wrote the book to be read.

If you don't read it, you'll never understand what's really happening in the exam room and at the hospital—and you won't be able to protect yourself from the dangers, distractions, and Big Brother and big data agendas for you and your doctor. You won't learn what the real purpose of the government-mandated, government-certified electronic health record is. Read it to protect you and your family. I include specific action steps you can take to stop Big Brother. Find the book by going to ***BigBrotherintheExamRoom.com***.

Presented daily by Twila Brase, President, Citizens' Council for Health Freedom.

*The Health Freedom Minute is now heard in 47 states:
