Launching “Big Brother” Book at FreedomFest

As you hear this, I’m in Las Vegas at the FreedomFest. I’ll be giving two presentations and doing one book-signing event. Thus, today is the live launch of my book, “***Big Brother in the Exam Room: The Dangerous Truth about Electronic Health Records.***”

I’ll be speaking to more than 2,000 people about solutions to return to affordable, free-market medicine that puts the patient first and provides the kind of choices, affordability, and confidentiality only found in the free market. I’ll include the book, because it has specific action steps everyone, including you, can take to restore privacy, and with it, freedom. Buy your copy of the book today at: ***BigBrotherintheExamRoom.com***

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.
