Refuse to Enroll in Obamacare

Obamacare enrollment is underway. The fact that enrollment is nationalized shows how close we are to socialized medicine. But I'm asking you not to enroll in Obamacare. Do not help Obama's exchange system stay alive by keeping it funded.

There are three legal alternatives.

The first is to enroll in a policy off the exchange, including employer-sponsored coverage. The second is to find an exemption to the mandate or penalty. There are nine primary exemptions, including health sharing, and 14 hardship exemptions. Don't miss number 14. Anyone can apply for it. The third alternative is to pay the penalty tax like 6.5 million people did last year. Find the exemptions at Refusetoenroll.org
