Seven-Year Celebration

This month is the seventh anniversary of the Health Freedom Minute. Every weekday for seven years I've been sharing our organization's insights with Americans on topics such as Obamacare, medical privacy, genetics, eugenics, health insurance, Medicare, euthanasia, bioethics, regulations, legislation, socialized medicine, rationing, managed care, and more. I've also issued action alerts.

We started on one station and now we're on more than 800 stations around the nation. It's fun for me to run into listeners who identify me solely by hearing my voice. And it's informative to hear what listeners like the most. Thanks for listening and thanks for supporting Citizens' Council for Health Freedom!
