Send Coercive Consent Forms to CCHF

Do not just sign a hospital or clinic consent form without reading it. It may have consent for treatment at the top, but a whole boatload of other consents you may not agree with. And you don't have to sign the line acknowledging that you've received the Notice of Privacy Practices (which actually says you have no privacy), so just cross it out.

These are coercive single-signature consent forms that often eliminate privacy rights. You may want to cross out all sorts of things. If they say you have to sign, let us know. In Minnesota, such forms violate state law because they're coercive. Send us a copy of forms that violate your rights. Use our website to email us: cchfreedom.org

Presented daily by Twila Brase, President, Citizens' Council for Health Freedom.

*The Health Freedom Minute is now heard in 47 states:
Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH,
