What Conservatives Say About GOP Replace Plan

Citizens' Council for Health Freedom, the organization I run, is opposed to the GOP replacement bill. Americans asked for repeal. The GOP leadership gave us Obamacare 2.0. Let's see what other conservatives say.

Senator Mike Lee from Utah said, "This is not the Obamacare repeal bill we've been waiting for. It is a missed opportunity and a step in the wrong direction." Congressman Jim Jordan said "It's Obamacare in a different form" with a "new entitlement." FreedomWorks said activists are "furious at this betrayal."

Americans for Prosperity told leadership to "go back to the drawing board." Heritage Action called it "bad policy" and said Americans will notice little difference between Obamacare and the GOP plan. Let's REPEAL Obamacare.
