Just 299 Days to Go

It’s just 299 days until Obama’s federal takeover centers are supposed to be operating in every state on October 1, 2013. The Exchanges are supposed to be selling insurance, tracking insurance status, monitoring the practice of medicine, forcing people into Medicaid, and reporting to the IRS.

Many states have said no, but 17 states have said yes. At least 5 states have been snookered into paying for a so-called partnership exchange — the phantom model that’s just the Federal Exchange in disguise. The Wall Street Journal says states are being conscripted as federal contractors and wisely suggests they refuse to be accomplices in the federal takeover of health care.

The Health Freedom Minute is now heard in 37 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the Bott Radio Network.
