| IA    | STATUTE: NONE FOUND RULE: 641-7.11(22) | **641-7.11(22) Iowa's Immunization Registry.**
7.11(1) The department shall maintain a statewide immunization registry. Enrolled users are responsible for purchasing and maintaining all computer hardware related to use of the registry and for providing an Internet connection to transfer information between the user's computer and the registry.
7.11(2) Purpose and permitted uses of registry. (a.) The registry shall consist of
From “What is IRIS”:
The Immunization Registry Information System (IRIS) is Iowa’s answer to an immunization registry...Information that becomes part of the registry database is stored in a private and confidential manner on a server located at the IDPH in Des Moines, Iowa...
Access to the records is limited to healthcare providers enrolled into the program and immunization registry staff...
Enrollment [by providers] in the registry is voluntary. All program materials are free. The
7.11(3) Release of information to the registry
Enrolled users shall provide immunization information including identifying and demographic data to the registry. Information provided may include, but is not limited to, the following:
- Name of patient;
- Gender of patient;
- Date of birth;
- Race;
- Ethnicity;
- Birth state and birth country;
- Address;
- Parents' names;
- Mother's maiden name;
- Type of vaccination administered;

- Date vaccination was | NO | Unclear |
immunization information, including identifying and demographic data, to allow enrolled users to maintain and access a database of immunization histories for purposes of ensuring that patients are fully immunized. (c.) Enrolled users shall not use information obtained from the registry to market services to patients or nonpatients, to assist in bill collection services, or to locate or identify patients or nonpatients for any purpose other than those expressly provided in this rule. marketing coordinator arranges enrollment. Once the marketing coordinator receives notification from a clinic that they would like to enroll, the following materials are sent: a welcome letter, an IRIS information sheet, an enrollment flowsheet and a provider brochure…

From “Immunization Registries and Use in Iowa”:
In February 2001, IRIS was initially implemented in the public sector. The first private clinics were enrolled in the fall of 2001…
