### 7 NMAC 4.3.10 CANCER REPORTING

10.1 RESPONSIBLE AGENCY: The New Mexico Tumor Registry is the agency responsible for operating a statewide cancer registry.

10.2 REPORTING REQUIREMENTS-FACILITIES: Hospitals and other facilities providing screening, diagnostic or therapeutic services to patients with respect to cancer shall report cancer cases to the cancer registry.

10.3 REPORTING REQUIREMENTS-HEALTH CARE PROFESSIONALS: Health care professionals diagnosing or providing treatment for cancer patients, except for cases directly referred to or previously admitted to a hospital or other facility providing screening, diagnostic or therapeutic services to patients in this state and reported by those facilities shall report cancer cases to the cancer registry.

10.4 MEDICAL RECORDS: The cancer registry is authorized to access all records of physicians and surgeons, hospitals, outpatient clinics, nursing homes, and all other facilities, individuals or agencies providing such services to patients which would identify cases of cancer or would establish the characteristics of the cancer, treatment of the cancer or medical status authority” as defined by the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Privacy Rule. The department of health is authorized to receive protected health information without patient authorization for purposes of public health surveillance, investigation and interventions and as otherwise required by law...

7.4.3.7 DEFINITIONS:
C. “Condition of public health significance” means a condition dangerous to public health or safety...

causes of conditions of public health significance, evaluations of the cost, quality, efficacy and appropriateness of screening, diagnostic, therapeutic, rehabilitative and preventive services and programs relating to conditions of public health significance and other clinical or epidemiologic research.

### 7 NMAC 4.3.10 CANCER REPORTING

…10.7 RESEARCH USE OF REGISTRY DATA:

Researchers
