Escape to Medical Freedom

In 2016, our organization, Citizens' Council for Health Freedom, launched The Wedge of Health Freedom®, an online directory of independent practices. These doctors take only cash, check or charge. You must pay directly, which means you'll know the price. This also means that you'll receive care that is personalized and confidential.

Some practices require monthly payments for around the clock access to care. These are Direct Primary Care clinics. Others have a menu of prices. These are fee-for-services clinics. Most of these doctors spend far more time with you than the 10-15 minutes you get in corporate clinics.

The Wedge has about 350 practices so far. **Find a doctor at JointheWedge.com.**
