Parallel System of Health Freedom is Growing!

As we work to build a parallel system of health freedom, it is exciting to watch The Wedge of Health Freedom® grow. The WEDGE is where Americans can locate clinics and pharmacies, and eventually hospitals that are in the cash-based, affordable, interference-free parallel system we're building across the nation.

We just approved a physician on the plains of South Dakota, two nurse practitioners and a physician assistant in Wisconsin, a physician at the San Diego Physicians Group, and a podiatrist in Virginia. We're still waiting to approve a physician in Indiana and two nurse practitioners in Oregon, but it's looking good.

Encourage cash-based physicians, nurse practitioners and physician assistants to join the Wedge. Just go to JointheWedge.com
