Private Good Samaritan Option for Prescriptions

Citizens' Council for Health Freedom is building a new system of health freedom across America. The Wedge of Health Freedom, our online directory of cash-based doctors, clinics, and pharmacies was just the start. Cash prices are lower, but medical charity always has a place in medicine.

So today, I'm letting you know about Good Samaritan Pharmacy & Health Services. Its mission is "to provide FREE medication and medical services to uninsured, financially needy members of [its] community." Located in Nokomis, Florida, it provides free walk-in medical care, free medications dispensed on-site, free over the counter supplies, and assistance applying for low-cost prescriptions from drug manufacturers. Qualified individuals must meet income guidelines and be uninsured. That's Good Samaritan Pharmacy & Health Services.
