CCHF Posts “Wedge of Health Freedom” Billboard

Last week, our organization, Citizens’ Council for Health Freedom, posted our first-ever Wedge of Health Freedom billboard. It says, “Independent Doctors. Affordable Care. For All Patients. JoinTheWedge.com.” This is what every patient wants and needs.

Our organization is building a New Framework for Health Freedom – a free-market framework that is patient-centered, privacy-protecting, and affordable.

The WEDGE, a directory of cash-based practices, is just the beginning. Our new framework includes cash-based hospitals, and real health insurance that pays you directly so you can pay your doctor and hospital. This will make every price transparent and put patients in the driver’s seat. Go to JoinTheWedge.com.

Presented daily by Twila Brase, President and Co-founder Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 48 states:
Mon-Fri on more than 850 radio stations nationwide
