AZ Governor Will Punish Schools With Covid Restrictions

Arizona Governor Doug Ducey announced a program allowing families to take the children’s education dollars elsewhere if their public schools restrict children related to Covid. Arizona parents can apply for $7,000 state grants if their school is quarantining, isolating, masking, or subjecting children to physical COVID-19 constraints, including preferential treatment to vaccinated students.

The dollars, available for families with household incomes at or below 350 percent of the Federal Poverty Guidelines—which is nearly $93,000 dollars—can be used for transportation, online tutoring, child care, tuition and more. We can be grateful for governors that stand up against federal and any other kind of tyranny using 10th Amendment powers.
