Protect the American Republic; Go to Your Caucus

As you consider the 2020 election and whether you will participate in your caucus or presidential primary, starting with Iowa on February 3rd, let me encourage you to go.

Ten years ago, President Obama and a Democrat Congress gave us the unconstitutional Affordable Care Act. The only good thing about it is the growth of health sharing, more cost-consciousness and cash payments for care, and the fact that the ACA is still being challenged.

Three ACA lawsuits are moving forward, plus there are two lawsuits against good regulations intended to alleviate the painful costs of Obamacare. So stay tuned and go to your primary or caucus. We are a Republic of, by and for the people. It's up to us. Let's not relinquish those rights and those responsibilities of being Americans.
