America's Socialist Programs Threaten Freedom

In his State of the Union address, President Trump said, “Here, in the United States, we are alarmed by new calls to adopt socialism in our country. America was founded on liberty and independence—not government coercion, domination, and control. We are born free, and we will stay free. Tonight, we renew our resolve that America will never be a socialist country.”

Agreed. However, we already have socialist programs including Medicare, Medicaid, food stamps, Obamacare, and more. So, let's indeed resolve to stay free, but realize that these and other government handouts are socialist programs that threaten to undo the very freedom we prize.
