No Fooling – DOJ Agrees ACA is Unconstitutional

I'm not fooling when I say March 25th was a great day. President Trump's Department of Justice wrote a two-sentence letter to the U.S. Court of Appeals regarding the December 2018 court ruling that the Affordable Care Act is "invalid" and unconstitutional.

The DOJ said it had "determined that the district court's judgment should be affirmed." It said "the United States is not urging that any portion of the district court's judgment be reversed" and in legalese language, it said it will file a brief in *support of throwing out the entire* Affordable Care Act. This was a red-letter day for freedom and the Constitution of the United States of America.
