Stopping Single-Payer Dinner - September 19

Six weeks from today is our annual dinner. This year's theme is *Stopping Single-Payer: Lessons from Canada*.

On **Thursday, September 19**, the founder of Timely Medical Alternatives in Canada will share how he helps Canadians escape Canada's Medicare for All system and come to America for care, and exactly why we must stop socialized medicine in America.

Last year we had attendees from as far away as Texas, Tennessee and Washington state. Make plans to come to Minneapolis on September 19 to hear our plans, celebrate our wins and have a wonderful evening. Register today at cchfreedom.org.
