Resist Tyranny or Give Up Freedom?

Covid-19 tyrants are everywhere, in elected offices, on the street and in your neighborhood.

Chicago's mayor told partiers: "We will shut you down. We will cite you. And if we need to, we will arrest you and we will take you to jail." The mayor of LA rewards those who snitch on their neighbors. These are the tactics of dictators.

Former British Supreme Court Justice Jonathan Sumption warns, "When human societies lose their freedom, it's not usually that tyrants have taken it away. It's usually because people willingly surrender their freedom in return for protection against some external threat."

In the documentary, *Plandemic: Indoctrination*, David E. Martin says, "We are being conditioned . . . for unbelievable acts of tyranny which will be justified by 2020." Don't be conditioned. Rise up and resist.
