## **Prevent a Hospice Horror Story**

I've heard a few horror stories from hospice. One man walked into his uncle's room at a nursing facility. He was stark naked with a bare sheet laid over him. At lunchtime the staff skipped the room. So, he demanded food for his uncle.

Another man told me hospice is euthanasia. He said the staff deprived his wife of the basics of life so she'd lose her desire to eat. Hospice staff fired her family doctor and gave her a hospice doctor. The husband said he didn't know how to fight against the staff as she grew weaker and died.

Find a doctor who'll protect you at [JointheWedge.com](http://JointheWedge.com), and if you have a hospice horror story, email us at [cchfreedom.org](mailto:cchfreedom.org). That's [cchfreedom.org](http://cchfreedom.org).
