Governor DeSantis Opens Florida

Governor DeSantis has opened Florida. All restrictions are lifted. Bars and restaurants are open at 100% unless local officials can provide sufficient rationale to reduce access, but those limits can be no LESS than 50 percent capacity. He prohibits all Covid-19 fines and fees and suspends any not yet paid, including for refusing to wear a mask.

Prior to the order, the governor held a two-hour online discussion with three experts. It was superb and something everyone should listen to. Speaking of online events, thank you to everyone who attended our fundraising event two weeks ago. People told us it was fun, informative, polished and interesting. We’ve put it online, so if you missed it, go to our YouTube channel, learn, laugh and enjoy!
