Oppose the National Patient-Tracking Number!

The battle is on. We need you to engage. I was in D.C. two weeks ago talking to about 15 Senate committee staff about why CCHF opposes a national Unique Patient Identifier. The committee is trying to decide whether to continue the 20-year ban on its creation or to fund its development. They need to hear from you.

This federal tracking number was first proposed in HillaryCare. It would track you, link all your medical records together and establish a national database of patient records. The Clintons needed this tracking number and its data system to nationalize health care. Contact your U.S. Senator today and tell them to keep the ban on the “national patient-tracking number.” Stop the Unique Patient Identifier!

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 47 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the CSN network and Bott Radio Network.
