**Obamacare Is Impacting Everyone**

Former House Speaker Nancy Pelosi said they had to pass Obamacare so they could find out what’s in it. I’ll bet she still doesn’t know and never read it. Members of Congress are not the only ones who have no idea what’s in the 2,800-page law.

A survey found that regardless of political affiliation, 51 percent of respondents say the law has not directly impacted them or their family. Those who thought it did mostly complained about higher costs.

Well, here’s my message. Obamacare is impacting everyone. The law is so much bigger than the mandates, the penalties, the skyrocketing premiums, the new taxes, and the exchanges. It’s reducing paychecks, increasing the cost of all goods and services and changing doctor’s medical decisions.
