Did You Call?

Last Wednesday we asked you to ask Congress to repeal all of Obamacare and do it without delay. The phone lines were busy. We heard back from listeners in South Carolina, Ohio, Minnesota, Tennessee, Texas and Wisconsin. Lots of you had to make several attempts to get through.

Let us hear from you. Did people from every state call? We can report this to the media if you let us know. Just go to cchfreedom.org and click the “Contact us” or the gray and green “Give Feedback” button on the home page. Help us show how big the movement for repeal is. CCHFREEDOM.ORG

You gave support to what Senate Republicans were doing that day. As they were hearing about your calls, they worked past midnight to pass a resolution that begin the repeal process. Keep the pressure on.
