IRS Reverses Course Thanks to You

Thank you for taking action. In December I asked you to send a public comment to the IRS. The IRS planned to start a program for non-profit groups like Citizens’ Council for Health Freedom to collect the social security numbers of people who donate $250 or more. They were building a database to track donors and who they donate to.

The IRS received an astonishing 37,977 public comments, most from people opposing it, so they have withdrawn the rule. Meanwhile, the Tea Party lawsuit against the IRS targeting conservative groups has been allowed to move forward. This is all good news for Americans. No doubt the IRS and Obama aren’t as happy as all of us.

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 41 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the Bott Radio Network.
