New York Physicians Eliminate Middleman

The Wedge of Health Freedom is two years old. The Wedge is our initiative to restore simplicity, affordability, confidentiality and a patient-centered focus to medicine in America. Wedge practices take cash, check or credit card, making care affordable, timely and patient-friendly.

Two New York doctors have eliminated the middleman. They are not under insurance contract or government control. They have 400 patients and a waiting list. They give patients their undivided attention—at an affordable price. They build real relationships and no one else dictates patient care or how many minutes they can spend with each patient. You can find this kind of doctor at JointheWedge.com. That’s JointheWedge.com

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 47 states:
Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH,
afternoons on American Family Radio, and daily on the CSN network and Bott Radio Network.
