The Wedge is One Year Old

One year ago today, we launched The Wedge of Health Freedom. We launched it at the National Press Club in Washington, D.C. Now, a year later, there are more than 200 practices listed and visible on our map of freedom, which you can find at JointheWedge.com. There are hundreds of more doctors to be added – and we at Citizens’ Council for Health Freedom have started a focused campaign to bring them onboard.

Meanwhile, there’s a delightful story of a doctor in Ashland, Wisconsin who dropped her contracts with insurers and is offering direct primary care to her patients for $100 per month. Dr. Schilling is thrilled to spend more time with her patients and zero time dealing with insurers. Exactly how it should be.

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 47 states:
Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH,
afternoons on American Family Radio, and daily on the CSN network and Bott Radio Network.
