Americans Buying Big Brother in the Exam Room

My new book, “Big Brother in the Exam Room” is flying out the door, according to the publisher who is fulfilling orders from Amazon. I went to their office and found stacks of books in mailing envelopes just for that day. Find the photo on our Facebook page. On the top of the stacks, I saw mailing addresses in Missouri, Arkansas, Illinois and Minnesota. The day before, one person ordered nine books!

At the FreedomFest in Vegas, a doctor came to our booth, and said he was glad someone finally wrote a book about how electronic health records are impacting patients and doctors. You can order your copy on Amazon or go to: BigBrotherInTheExamRoom.com
