New Practices Join The WEDGE

The Wedge of Health Freedom has grown to nearly 270 practices. Here are a few of the latest: Frontier Direct Primary Care in Harlingen, Texas; Exeter Med in Coral Gables, Florida; Dominion Primary Care in San Antonio, Texas; Unlimited Diagnostic Center in Hialeah, Florida; and Medical Concierge Wellness in Plymouth, Minnesota.

Note: We have a bright line for practices on The Wedge. They must take only cash, check or charge. They can't take insurance or government programs, but they must be willing to see all patients, whether insured, uninsured or publicly subsidized. This means lower costs, more time with the doctor, and true privacy. Find them all at JointheWedge.com
