Understanding the Euphemisms

Three Obamacrats in The Wall Street Journal say conservatives and liberals agree that cost control in health care must focus on quality rather than quantity, and value rather than volume.” While most Democrats and a few wayward Republicans have indeed embraced this socialized medicine scheme, conservatives have refused.

Conservatives understand that cost control comes when patients own and hold most health care dollars in their own hands, not government, employers or insurers. Now ask yourself: “Who defines quality and who defines value?” These terms are euphemisms for rationing. Only you can define quality and value. Never let anyone tell you otherwise.

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 37 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the Bott Radio Network.
