Is Obamacare Planned for SCOTUS Discussion?

Welcome to the Health Freedom Minute. This is Twila Brase, president of Citizens’ Council for Health Freedom.

I have two things to tell you. One action item. One news item.

First, today is the last day to comment on the proposed regulation requiring every State to create and submit a health “risk score” on every person to the federal government. My comments are online, along with instructions for you to comment. Do so before midnight.

Today is also the last day to comment on the regulation for Obamacare Health Insurance Exchanges – the federal command and control centers to be installed in each state. Go to healthfreedomminute.net and oppose these two proposed regulations.

Second, Obamacare may be on the agenda when the U.S. Supreme Court justices meet on November 10th. That’s the same day as our big health freedom event in Minneapolis. Register to come at healthfreedomminute.net.
