Refuse to Enroll

Today on the first day of open enrollment, I’d like to ask you to refuse to enroll in Obamacare. I’m asking you to refuse the coverage sold on the government exchange along with its government subsidies. Obamacare is NOT a private policy. You are applying to the federal government for coverage. It’s Medicaid for the middle class on a sliding fee scale, even if your card says Blue Cross or Aetna or Kaiser.

The exchanges are the command and control infrastructure of Obamacare. To deprive them of the financial support they desperately need to stay alive, I am asking you to refuse to enroll in Obamacare. This is one way to stop the law. Go to refusetoenroll.org for more information.
