What Trump's Election Means for Obamacare

If you were like me a week ago, you watched election results come in with amazement. When Florida went Trump, I knew Clinton may not win.

Now that Donald Trump will become president, what does it mean for Obamacare and health freedom? First, Trump cannot repeal Obamacare unless Congress sends him a bill. Second, it’s not a filibuster-proof Senate, so a full repeal is unlikely. Still a budget bill repealing parts of Obamacare, like Congress sent to Obama last January, could do plenty of damage. Trump can also end the Obama administration’s lawless bailouts and subsidies and can rescind the more than 20,000 pages of costly and intrusive Obamacare regulations. Ask Congress to repeal Obamacare.
