**CCHF Has New HIPAA “Privacy” Cards**

We have a new tool for you that’s flying out of here like hotcakes. You’ve all received the so-called HIPAA privacy form at the doctor’s office. As you may know, we advise you not to sign. Even the federal government says you don’t have to. But patients have been denied treatment for refusing to sign.

We now have a new wallet-sized card to help you. It says HHS allows you to refuse to sign and it has a link to the HHS website. For a donation of any size, we’ll send you 15 cards. You can use them, give them to the clinic, or share them. Contact us through our website cchfreedom.org or call us at 651-646-8935.

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

*The Health Freedom Minute is now heard in 37 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the Bott Radio Network.*
