The Simplicity of How It Used to Be

It’s “Wedge of Freedom Wednesday.” The Wedge is really simple. It’s the way back to the future of health care. It’s not insurance. The Wedge will take health care back to how it used to be when you had a direct relationship with your doctor and your hospital and your insurance company.

One man told us his story. In the 1970s he had heart surgery and his indemnity health insurer sent HIM a check, which he used to pay his doctor and the hospital. It was simple and his insurer did not interfere with his doctor.

The Wedge restores patient and doctor freedom through direct contracts and direct payments. Outsiders can’t interfere because there are no contracts with insurers or government. And you get the affordability that comes with leaving that bureaucracy behind.

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 47 states:
Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH,
