Regulatory Rampage

Just before Thanksgiving, the Administration began releasing six proposed Obamacare rules. Four of them, totaling 745 pages, allow only 30 days for comments. When do they expect us to read this regulatory mumbo jumbo, and how will they receive meaningful responses during the nation’s busiest holiday season? Maybe that’s the point. They want you and I to know and say as little as possible.

You can slow this Obamacare rampage. On our website, we have links to their website and words you can simply copy and paste. It’s easy. Go to cchfreedom.org, cchfreedom.org. Look for the red “Take Action” picture.
