THE WEDGE Goes to Washington

Last week I was in Washington D.C. to give a presentation on The Wedge of Health Freedom for the National Physicians’ Council for Healthcare Policy. The conference, hosted by Texas GOP Congressman Pete Sessions, had nearly 100 physicians attending from around the country.

We were in the House Financial Services Committee Hearing Room, which is set up like an amphitheater. All the physicians sat in the chairs that Congress usually sits in. Our Wedge PowerPoint and diagrams were visible from every angle. Some of the doctors were already in The Wedge. But for many, including Congressman Sessions, this was their introduction to our initiative to simplify and transform health care back to freedom and affordability. JoinTheWedge.com
