Do You Want Obamacare Repealed for Christmas?

I asked you last week to answer a special question. But this week we’ve got some new listeners. Welcome to everyone who is listening on the Bott Radio Network. So here’s the question. What do you want most for Christmas in health care?

Is it lower premiums, choice of doctors, fewer regulations, a listening doctor or a private medical record? Do you want Obamacare repealed, the Obamacare health insurance exchange forbidden, bureaucrats booted, or do you want your baby’s DNA out of state government hands or do you want something else?

Use the Health Freedom Minute feedback link at cchfreedom.org. I plan to publish your preferences online. So, let me know by using the feedback link at www.cchfreedom.org.
