The Gift of a Lifetime

On behalf of Citizens’ Council for Health Freedom, I wish you a blessed and Merry Christmas!

Christmas is the day we celebrate the gift of God himself, who left his holy throne and came to earth as a baby. Angels lit up the night sky to sing praises to the lowliest of all people, the shepherds tending their flocks by night. Don’t you wish you could’ve been one of those shepherds! What a sight and sound that must have been!

The birth of Christ was stage one of the best Christmas gift ever. Stage two would come 33 years later, and with it a promise of life eternal with God himself. So, whatever the outcome of the next election, whoever the next president is, fear not. Rest in the confidence of the Giver of the greatest of all Christmas gifts. Merry Christmas!

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.
