Help CCHF Short Circuit the Coming Disaster

Think about next year. Democrats have control of Congress. The Left wants Medicare for All, a single-payer system for America. The Right is mostly absent on health care because they can't agree on a plan. Plus they refuse to cut Americans loose from the sinking Titanic that is Medicare. Eight years from now, Medicare will be insolvent and likely belly up.

Even worse, both Republicans and Democrats have embraced managed care health plans - the corporate version of socialized medicine—to ration care to all Americans. So, before midnight tonight, go to cchfreedom.org and donate to help us short-circuit this disaster and bring patient- and freedom-friendly solutions. That's cchfreedom.org
