Share Your HIPAA Story

Have you exercised your legal right to refuse to sign the HIPAA privacy form? To help us unveil the HIPAA privacy deception, tell us what happened by going to HIPAAhurtme.com. Our office gets emails and phone calls from people who either have a story to share or want advice before they go to the doctor’s office. They want to be sure they can refuse to sign the form. They can.

We explain that the HIPAA form might be its own piece of paper or could be a section on a form that includes consent for treatment, for billing and for research. You may need to read the form carefully to find the section that you either refuse to sign or have to cross out. Go to HIPAAhurtme.com and tell us what happened when you refused to sign.

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

The Health Freedom Minute is now heard in 40 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the Bott Radio Network.
