Two Ways to Identify the Right Candidate

This Leap Day, let me encourage you to prioritize two important things as you evaluate which presidential candidate to leap into alignment with:

First, which candidate will actually abide by the constraints of the Constitution of the United States of America, the document that is the Supreme law of our land and originated from Judeo-Christian values, such as the protection of life, liberty, and property?

And second, which candidate loves this country and believes its heritage of individual freedom should be preserved and its borders protected for the national defense of its citizens? I make no recommendations, but you need to identify that candidate and support that candidate.
