She Desperately Wants a Wedge Physician

A woman from Texas recently wrote to us saying: “We desperately need some Wedge physicians in our area who cover family practice, OB/GYN, dental and other specialties. Self-pay options here are so over-priced and [the big clinics] charge cost prohibitive fees for doctors visits, facility fees, etc.” The doctors only see her for 15 minutes, and due to high costs she often uses clinics that don’t have a doctor, even though she wants one.

She wants The Wedge to go viral. Me too. That’s why I’m asking you today to tell your doctor about The Wedge and share our Wedge of Health Freedom FB page with your followers. Just go to Facebook and enter WedgeofHealthFreedom.
