Health Freedom Minute

March 12, 2013

Is the President Going Rogue?

Is the President going rogue? His own party members are worried about his agenda. Pollsters for Presidents Clinton and Carter recently wrote an article in *POLITICO*. They call themselves life-long Democrats. They say the president is waging class-based warfare for political gain. They say he's trying to win back the U.S. House so in his last two years in office he can pursue the most expansive government in American history.

They blame a visionless, disorganized Republican party, a shamelessly partisan media, and a lack of principled country-first, party-second Democrats who could rein him in. They say Obama is taking Saul Alinsky's community organizing to a national level. We should be worried too.

["President Obama's real agenda,"](#) Douglas E. Schoen and Patrick H. Caddell, *POLITICO*, March 1, 2013.

Presented daily by Twila Brase, President, Citizens' Council for Health Freedom.
