Will You Live in a Free State

Has your state refused to set up the Obamacare health exchange? If so, thank your Governor. I'm serious. You can find the contact numbers of Governors on our home page. If your state refuses to set up the exchange, your state will be one of the "free states." There will be no federal takeover center.

Without an exchange, many employers and many individuals will not be subject to the penalties for not offering or not buying health insurance. Without an exchange, your pocketbook will be protected from higher taxes. So please make the call. Encourage your governor to stand strong. Go to cchfreedom.org and find the contact number under "Important Links."

Presented daily by Twila Brase, President, Citizens' Council for Health Freedom.

The Health Freedom Minute is now heard in 37 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the Bott Radio Network.
