The Bureaucratic State

There are laws and there are regulations. The other word for regulations is rules. *Imprimus* has an excellent interview with Larry Arnn, the president of Hillsdale College.

Larry says the following "...too few prominent conservatives are skillful at explaining the problem of the modern bureaucratic state. This form of government proceeds by rules, and rules upon rules, and compliance with those rules becomes a key activity of the entire nation. That results in bureaucracy and in the inefficiencies of bureaucracy. Constitutional government, on the other hand, proceeds by clearly stated laws."

He chastised Mitt Romney for saying during his campaign that business and prosperity require regulation.
