Will Conservatives be Lions or Lambs?

Today many are watching to see if March goes out as a lion or a lamb. Let’s put that in political terms. Thankfully, conservatives in Congress have been acting like lions, not lambs on the controversial GOP Obamacare 2.0 bill. We need a real repeal. We need freedom, not a Republican version of Obamacare tyranny.

President Trump said if Republicans do nothing with Obamacare, Democrats will ask for help to repeal it. As an “art of the deal” master, Trump may have a point. GOP Senator Lindsey Graham also said Obamacare should be allowed to collapse. Democrats own this disaster but they’d like to transfer ownership to Republicans. Just say no.
