**Just You and Your Doctor**

I was in D.C. giving presentations on The Wedge of Health Freedom. Wedge practices operate outside the restrictive, bureaucratic, big government systems most patients experience today. The Wedge is back to the way medical care was delivered and decisions were made before the costs and controls of Medicare and managed care plans were imposed. It’s back to the way health care happened when the practice of medicine was considered a mission, not a business. It’s just you and the doctor. There’s no third-party in the room.

In The Wedge, it’s cash, check or charge whether you’re insured, uninsured or on a government program. Coverage is between you and your insurer, not your doctor. You pay doctors direct which dramatically lowers the price. Find a doctor at JointheWedge.com

Presented daily by Twila Brase, President, Citizens’ Council for Health Freedom.

*The Health Freedom Minute is now heard in 47 states: Mornings M-Th at AM1280 (The Patriot) in MN and 91.5 AM WHKC (FreedomFM) in OH, afternoons on American Family Radio, and daily on the CSN network and Bott Radio Network.*
